ELIGIBILITY

Employee

An Employee becomes eligible for coverage under this Policy on the date He meets all of the requirements of one of the Covered Classes and completes any Eligibility Waiting Period, as shown in the *Schedule of Benefits*. The Eligibility Waiting Period will not apply to an Employee, in Active Service on the Policy Effective Date, who was covered under the Prior Plan and satisfied the Eligibility Waiting Period, if any, of that plan. Credit will be given for any time that was satisfied.

Except as noted in the Reinstatement Provision, if an Employee terminates coverage and later wishes to reapply, a new Eligibility Waiting Period must be satisfied as shown in the *Schedule of Benefits*. An Employee is not required to satisfy a new Eligibility Waiting Period if coverage ends because he or she is no longer in a Class of Eligible Employees, but continues to be employed by the Employer, and within one year becomes a member of an eligible class.

Spouse and Dependent Children

A Spouse and Dependent Children of an eligible Employee become eligible for any dependent coverage provided by this Policy on the later of the date the Employee becomes eligible or the date the Spouse or Dependent Child meets the applicable definition shown in the *General Definitions* section of this Policy. The Employee must be insured under the Policy in order to elect coverage for a Spouse or Dependent Child.

Limitations on Multiple Eligibility

A Covered Person may be insured only once under this Policy even though he or she may be eligible under more than one class of insureds.

Eligible Employee Insured As Spouse – Loss of Eligibility as a Spouse

If an Employee is eligible and has enrolled as the Spouse of another Employee, but ceases to be eligible to maintain the amount of coverage for which he or she has enrolled as a Spouse, that Employee may, within 31 days, enroll for coverage as an Employee, in an amount equal to the lesser of:

1. The amount of the Spouse's coverage terminating; or
2. The maximum amount of Employee coverage of the class for which he or she is eligible.

Evidence of Insurability is not required. If this amount is not equal to an available Benefit Amount, it will be adjusted to the next higher available Benefit Amount.

An Employee shall not also be eligible for an increase in coverage due to a Life Status Change when eligible under this provision. Premium will be based upon the Employee's Age as of the Effective Date of the Employee's coverage under this provision.

Eligible Spouse Insured As Employee – Loss of Eligibility as an Employee

If a Spouse is eligible and has enrolled for coverage as an Employee but ceases to be eligible to maintain the amount of coverage for which he or she has enrolled as an Employee, that Spouse may, within 31 days, be enrolled for coverage as a Spouse in an amount equal to the lesser of:

1. The amount of Employee coverage terminating; or
2. The maximum amount of Spouse coverage for which he or she is eligible.

Evidence of Insurability is not required. If this amount is not equal to an available Benefit Amount, it will be adjusted to the next higher available Benefit Amount.

A Spouse shall not also be eligible for an increase in coverage due to a Life Status Change when eligible under this provision. Premium will be based upon the Employee's Age as of the Effective Date of the Spouse's coverage under this provision.

Special Rules for Dependent Children

An Employee who is insured will not be insured as a Dependent Child of another Employee.

A Dependent Child of two or more Employees may only be insured once under the Policy. If a Dependent Child of two or more Employees who have enrolled Dependent Children incurs a claim, then any payable benefit will be divided equally

among the Employees who have insured the Dependent Child unless the Employees otherwise agree.

If an Employee who has elected to insure Dependent Children ceases to do so, then the Employee's Spouse may, within 31 days, elect to insure Dependent Children, provided he or she is insured as an Employee.

In all cases, a Dependent Child shall be defined with respect to the Employee who has enrolled Dependent Children.

YOUR RIGHTS AS SET FORTH BY ERISA

As a participant in the Plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefit Security Administration.

Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefit Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefit Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefit Security Administration.

WHAT YOU SHOULD DO AND EXPECT IF YOU HAVE A CLAIM

The Plan Administrator designates and names the Insurance Company the named fiduciary for deciding claims and appeals for benefits under the Plan. The Insurance Company shall have the authority, in its discretion, to interpret the terms of the Plan, to decide questions of eligibility for coverage or benefits under the Plan, and to make any related findings of fact. All decisions made by the Insurance Company shall be final and binding on Participants and Beneficiaries to the full extent permitted by applicable law.

Claims for Disability Benefits (applies to all claims filed on or after April 1, 2018)

A disability "claim" is any claim which requires a determination of disability by the Insurance Company regardless of the type of policy under which it arises (for example, short/long term disability, waiver of premium, etc.). A disability claim is "filed" as of the date the Insurance Company first receives, in writing (including electronically) or by telephone (through the Insurance Company's intake department), notice that a claimant is seeking disability benefits under the Policy. The notice of claim received should provide the date of disability/loss, the claimant's name and address, and the group Policy

holder's name and address. Properly filed claims will be decided with independence and impartiality.

The Insurance Company has 45 days from the date it receives a claim for disability benefits to determine whether or not benefits are payable in accordance with the terms of the Policy. The Insurance Company may require more time to review the claim if necessary due to matters beyond its control. The review period may be extended for up to two additional 30 day periods. If this should happen, the Insurance Company must provide its extension notice in writing before expiration of the current decision period, explaining the circumstances requiring extension and the date a decision is expected. If the extension is made because additional information must be furnished, the claimant has 45 days within which to provide the requested information and the time for the Insurance Company's decision shall be tolled (stopped) from the date on which the notification of the extension was sent until the date the Insurance Company receives the claimant's response or upon the date the requested information is required to be furnished expires, whichever is sooner.

During the review period, the Insurance Company may require a medical examination of the claimant, at its own expense, or additional information regarding the claim. If a medical examination is required, the Insurance Company will notify the claimant of the date and time of the examination and the physician's name and location. If additional information is required, the Insurance Company will notify the claimant, in writing, stating what information is needed and why it is needed.

If the claim is approved, the Insurance Company will pay the appropriate benefit. If the claim decision is adverse, in whole or in part, the Insurance Company will provide written or electronic notice which will include the following information:

1. The specific reason(s) for the decision;
2. Specific reference to the Policy provision(s) on which the decision was based;
3. A description of any additional information required to perfect the claim, and the reason this information is necessary;
4. A description of the review procedures and the time limits applicable to those procedures, including a statement of the claimant's right to bring a civil action under section 502(a) of ERISA after the claimant appeals and after the claimant receives an adverse decision on appeal;
5. A discussion of the decision, including an explanation of the basis for disagreeing with or not following: (i) the views presented by the claimant to the Insurance Company of the health care professionals treating the claimant and vocational professionals who evaluated the claimant; (ii) the views of medical or vocational experts whose advice was obtained on behalf of the Insurance Company in connection with the claimant's adverse benefit decision, without regard to whether the advice was relied upon in making the benefit decision; and (iii) a disability decision regarding the claimant presented by the claimant to the Insurance Company made by the Social Security Administration;
6. Either the specific internal rules, guidelines, protocols, standards or other similar plan criteria the Insurance Company relied upon in making the decision, or, alternatively, a statement that such rules, guidelines, protocols, standards or other similar plan criteria do not exist;
7. If the adverse decision is based upon medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the decision, applying the terms of the Policy to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request;
8. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claim for benefits; and
9. A notice provided in a culturally and linguistically appropriate manner, to the extent required by ERISA.

Appeal of Denied Disability Claims (applies to all claims filed on or after April 1, 2018)

Whenever a claim decision is fully or partially adverse, unless ERISA provides otherwise, the claimant must appeal once to the Insurance Company. As part of the claimant's appeal, the claimant may receive, upon request, free of charge, copies of all documents, records, and other information relevant to the claim for benefits, and the claimant may submit to the Insurance Company, written comments, documents, records, and other information relating to the claim. The review will take into account all comments, documents, records and other information the claimant submits related to the claim, without regard to whether such information was submitted or considered in the initial claim decision. Once an appeal request has been received by the Insurance Company, a full and fair review of the claim appeal will take place.

A written request for appeal must be received by the Insurance Company within 180 days from the date the claimant

received the adverse decision. If an appeal request is not received within that time, the right to appeal will have been waived. The Insurance Company has 45 days from the date it receives a request for appeal to provide its decision. Under special circumstances, the Insurance Company may require more time to review the claim and can extend the time for decision, once, by an additional 45 days. If this should happen, the Insurance Company must provide the extension notice, in writing, before expiration of the initial decision period, indicating the special circumstances and the date a decision is expected. If the extension is made because additional information must be furnished, the claimant has 45 days within which to provide the requested information and the time for the Insurance Company's decision shall be tolled (stopped) from the date on which the notification of the extension was sent until the date the Insurance Company receives the claimant's response or upon the date the requested information is required to be furnished expires, whichever is sooner.

The review will give no deference to the original claim decision. The review will not be made by the person who made the initial claim decision, or a subordinate of that person. When deciding an appeal based in whole or in part upon medical judgment, the Insurance Company will consult with a medical professional having the appropriate training and experience in the field of medicine involved in the medical judgment. Any medical or vocational experts consulted by the Insurance Company for the review will be identified and will not be the expert who was consulted during the initial claim decision or a subordinate of that expert.

During the appeal, the Insurance Company may require a medical examination of the claimant, at its own expense, or additional information regarding the claim. If a medical examination is required, the Insurance Company will notify the claimant of the date and time of the examination and the physician's name and location. If additional information is required, the Insurance Company will notify the claimant, in writing, stating what information is needed and why it is needed.

Before the Insurance Company issues an adverse benefit decision on appeal, if the Insurance Company considered, relied upon, or generated any new or additional evidence in connection with the claim, and/or if the Insurance Company intends to rely on any new or additional rationale in connection with that review, then such evidence and/or rationale will be provided to the claimant, free of charge, as soon as possible and sufficiently in advance of the date that the decision on appeal is required to be made, giving the claimant a reasonable opportunity to respond.

If the claim is approved, the Insurance Company will pay the appropriate benefit. If the claim decision on appeal is adverse, in whole or in part, the Insurance Company will provide written or electronic notice that includes:

1. The specific reason(s) for the decision;
2. Specific reference to the Policy provision(s) on which the decision was based;
3. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claim for benefits;
4. A statement describing any voluntary appeal procedures offered, and the claimant's right to obtain the information about those procedures;
5. A statement of claimant's right to bring a civil action under section 502(a) of ERISA, including a description of any applicable contractual limitations period that applies to the claimant's right to bring such an action, and the calendar date on which the contractual limitations period expires for the claim;
6. A discussion of the decision, including an explanation of the basis for disagreeing with or not following: (i) the views presented by the claimant to the Insurance Company of the health care professionals treating the claimant and vocational professionals who evaluated the claimant; (ii) the views of medical or vocational experts whose advice was obtained on behalf of the Insurance Company in connection with the adverse decision, without regard to whether the advice was relied upon in making the adverse decision; and (iii) a disability decision regarding the claimant presented by the claimant to the Insurance Company made by the Social Security Administration;
7. Either the specific internal rules, guidelines, protocols, standards or other similar plan criteria the Insurance Company relied upon in making the decision, or, alternatively, a statement that such rules, guidelines, protocols, standards or other similar plan criteria do not exist;
8. If the adverse decision is based upon medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the decision, applying the terms of the Policy to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request; and
9. A notice provided in a culturally and linguistically appropriate manner, to the extent required by ERISA.

Claims for Non-Disability Benefits (applies to all claims filed on or after April 1, 2018)

A non-disability “claim” is any claim which does not require a determination of disability by the Insurance Company regardless of the type of policy under which it arises (for example, a death claim, an accident claim, etc.). A non-disability claim is “filed” as of the date the Insurance Company first receives, in writing or by telephone (through the Insurance Company’s intake department), notice that a claimant is seeking benefits under the Policy. The notice of claim should include the group Policy holder’s name, the Policy and Certificate number and the claimant’s name and address.

The Insurance Company has 90 days from the date the claim is filed to determine whether or not benefits are payable in accordance with the terms of the Policy. The Insurance Company may require more time to review the claim if special circumstances exist. The review period may be extended for up to one additional 90 day period. If this should happen, the Insurance Company will provide the extension notice in writing, before expiration of the initial decision period, indicating the special circumstances and the date a decision is expected.

During the review period, the Insurance Company may require a medical examination of the claimant, at its own expense, or additional information regarding the claim. If a medical examination is required, the Insurance Company will notify the claimant of the date and time of the examination and the physician’s name and location. If additional information is required, the Insurance Company must notify the claimant, in writing, stating what information is needed and why it is needed.

If the claim is approved, the Insurance Company will pay the appropriate benefit. If the claim decision is adverse, in whole or in part, the Insurance Company will provide written or electronic notice which will include the following information:

1. The specific reason(s) for the claim decision;
2. Specific reference to the Policy provision(s) on which the decision was based;
3. A description of any additional information required to perfect the claim, and the reason this information is necessary; and
4. A description of the review procedures and the time limits applicable to those procedures, including a statement of the claimant’s right to bring a civil action under section 502(a) of ERISA after the claimant appeals and after the claimant receives an adverse decision on appeal.

Appeal of Denied Non-Disability Claims (applies to all claims filed on or after April 1, 2018)

Whenever a claim decision is fully or partially adverse, the claimant must appeal once to the Insurance Company. As part of the claimant’s appeal, the claimant may receive, upon request, free of charge, copies of all documents, records, and other information relevant to the claim for benefits, and the claimant may submit to the Insurance Company, written comments, documents, records, and other information relating to the claim. The review will take into account all comments, documents, records and other information the claimant submits related to the claim, without regard to whether such information was submitted or considered in the initial claim decision. Once an appeal request has been received by the Insurance Company, a full and fair review of the claim appeal will take place.

A written request for appeal must be received by the Insurance Company within 60 days from the date the claimant received the adverse decision. If an appeal request is not received within that time, the right to appeal will have been waived. The Insurance Company has 60 days from the date it receives a request for appeal to provide its decision. Under special circumstances, the Insurance Company may require more time to review the claim and extend the time for decision, once, by an additional 60 days. If this should happen, the Insurance Company will provide the extension notice, in writing, before expiration of the initial decision period, indicating the special circumstances and the date a decision is expected.

If the appeal decision is adverse, in whole or in part, the Insurance Company will provide written or electronic notice that includes:

1. The specific reason(s) for the claim decision;

2. Specific reference to the Policy provision(s) on which the decision was based;
3. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claim for benefits;
4. A statement describing any voluntary appeal procedures offered, and the claimant's right to obtain the information about those procedures, and
5. A statement of the claimant's right to bring a civil action under section 502(a) of ERISA.
