

Know your costs

Here are your benefits at a glance:

When your doctor prescribes a medication, it will fall into one of these drug tiers. Tiers are a way of explaining how much your prescription will cost.

	1-month supply	3-month supply
Tier 1: Generic, lowest-cost medications	\$20	\$40
Tier 2: Preferred brand names, low-cost medications	\$40	\$80
Tier 3: Non-preferred brand name medications (lower-cost options may be available)	\$60	\$120

Ready to learn more? Visit welcome.optumrx.com/htctpremium/landing. You can check the cost of your current medication by scanning here or going directly to the website.

After **August 1, 2024**, you can see more detailed plan information online at optumrx.com or by downloading the **Optum Rx app**.
